

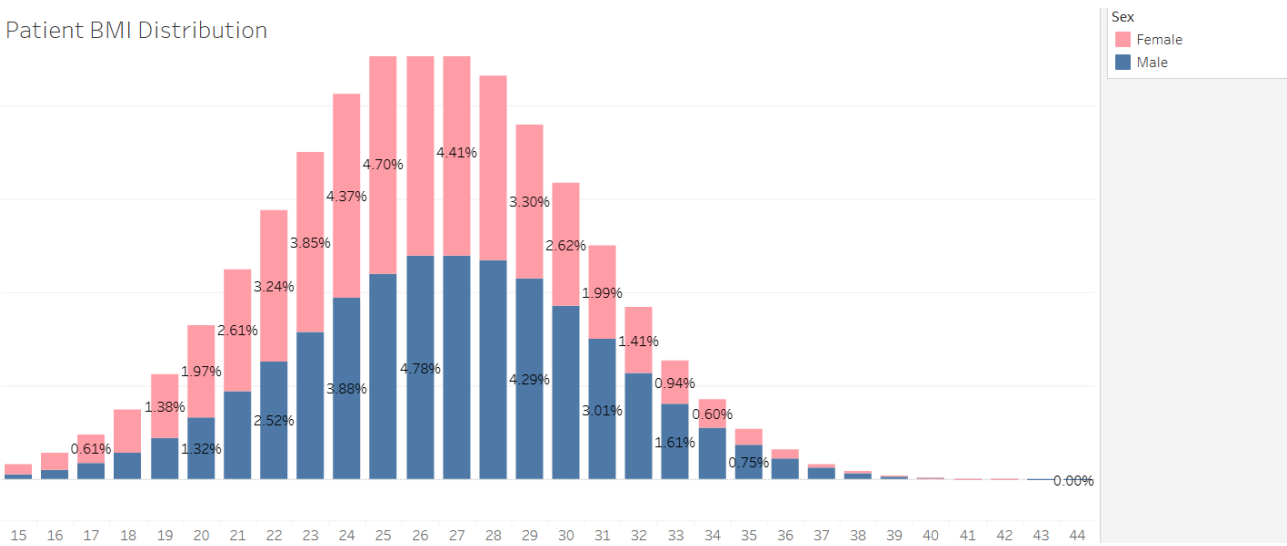

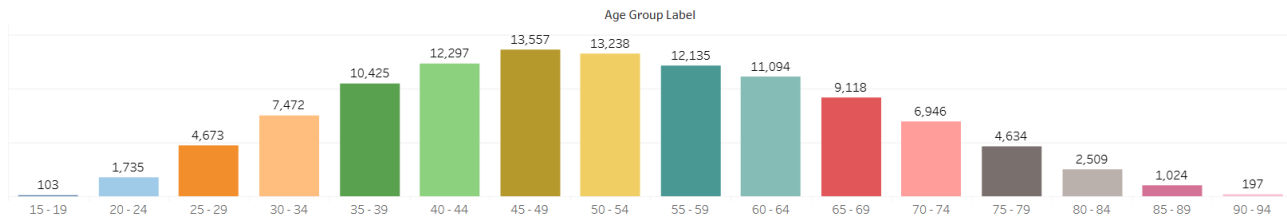

Graph 4

Patient BMI Distribution

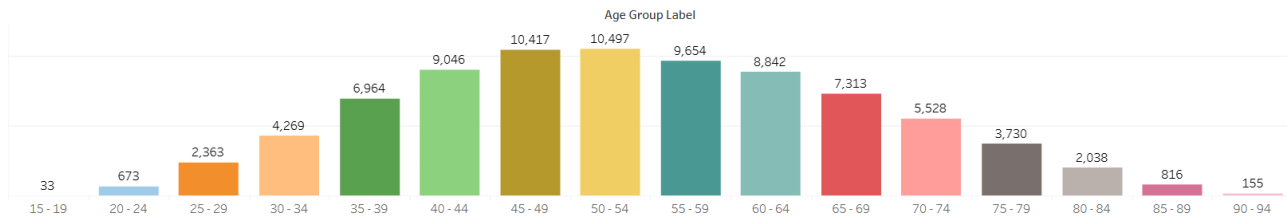

Graph 6 & 7

Heart Disease Prevalence by Age Group

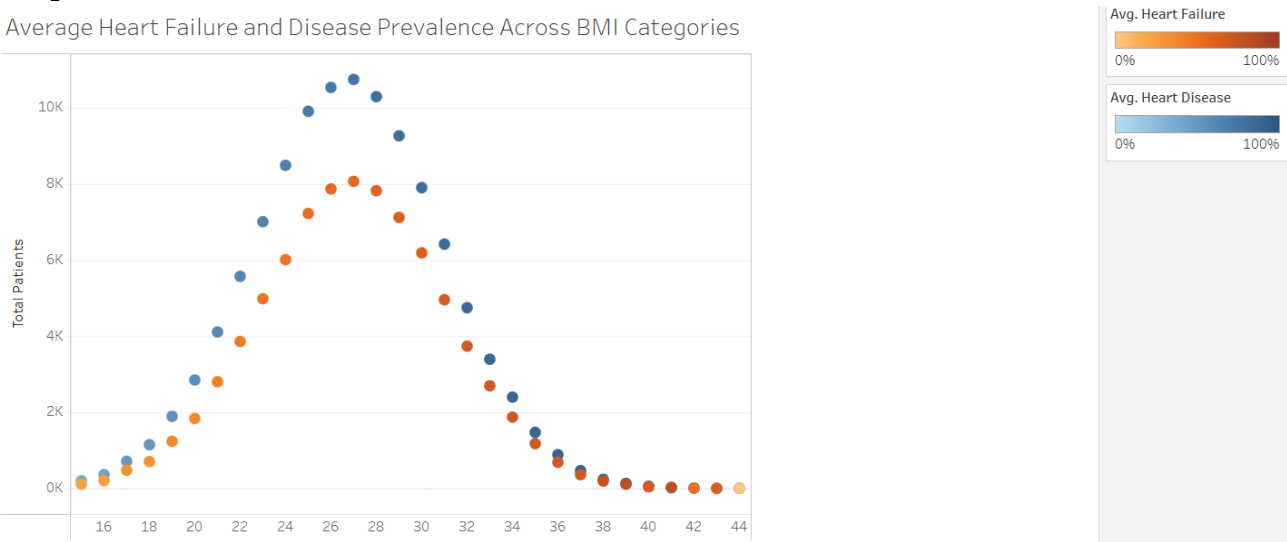

Heart Failure Prevalence by Age Group

Graph 8

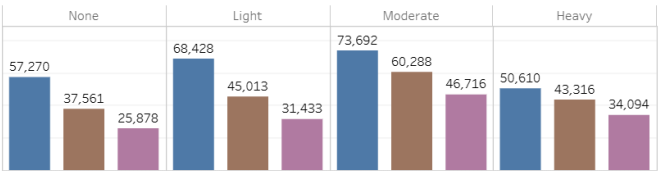

Average Heart Failure and Disease Prevalence Across BMI Categories

Dashboard 5: Life Style Factors (Graphs 10, 11, 12, 13 & 14)

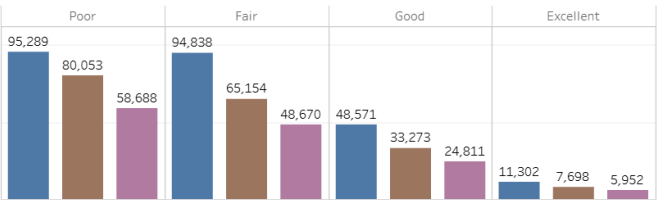

Life Style Factors

Heart Failure and Heart Disease Prevalence by Alcohol Consumption

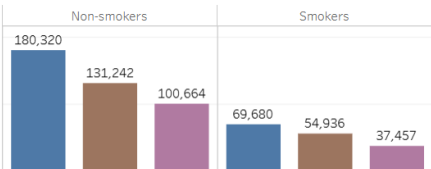

Ethnicity: (All)
Measure Names: Total Patients, HD patients, HF patients

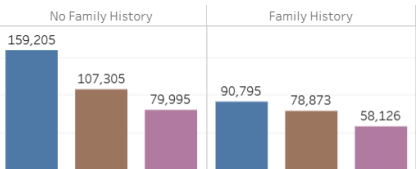

Heart Failure and Heart Disease Prevalence by Diet Quality

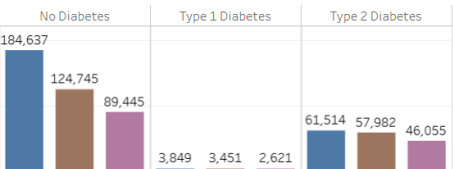

Heart Failure and Heart Disease Prevalence by Smoking Status

Heart Failure and Heart Disease Prevalence by Family History

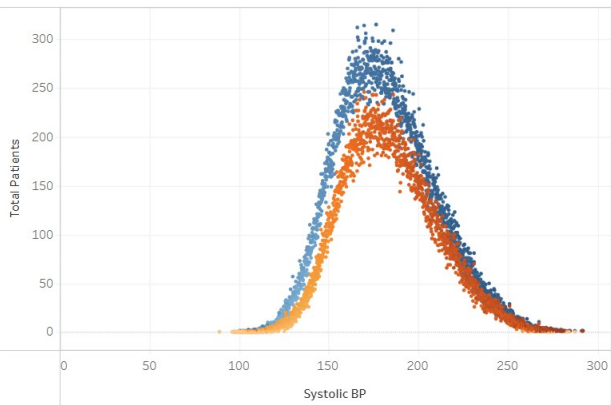

Heart Failure and Heart Disease Prevalence by Diabetes Status

Dashboard 6: Systolic Blood Pressure and Cardiovascular Outcomes

Systolic Blood Pressure and Cardiovascular Outcomes

Heart Failure and Heart Disease Prevalence vs. Average Systolic Blood Pressure

Prevalence of Heart Failure and Heart Disease vs. Systolic Blood Pressure
